MUUVO. TECH

01.

Our technology has been built to allow agents to complete their council and utility obligations in its simplest form. We have plugged in many new integrations to allow the population of usual data to streamline this process.

03.

All data is stored and backed up in on Amazon Web Servers.

02.

Whether you're logging in as a single user or using one of our CRM integration, you'll be amazed with what we've done

04.

PEN tests carried out every 6 month to ensure the safety of your data.

LOOK-UP SERVICES

01

Energy Supplier Look-Up

Muuvo offers an energy look-up facility when adding new properties or when there is a change of occupancy. Gone are the days of not knowing instantly who supplies your properties or waiting weeks for similar services to assist manually, causing registration delays.

02

Meter Details

No longer will you be asked to fill in meter details: Muuvo will return all the important stuff like: MPAN, Serial Numbers, whether it's a smart meter, if it's pre-pay or if it's an Economy 7 meter.

03

Council and Water Supplier

When adding new properties to the system, Muuvo will return other handy information like: local council name, water supplier and the Unique Property Reference Number (UPRN)

FREE BILLING SUPPORT AND ACCOUNT MANAGEMENT

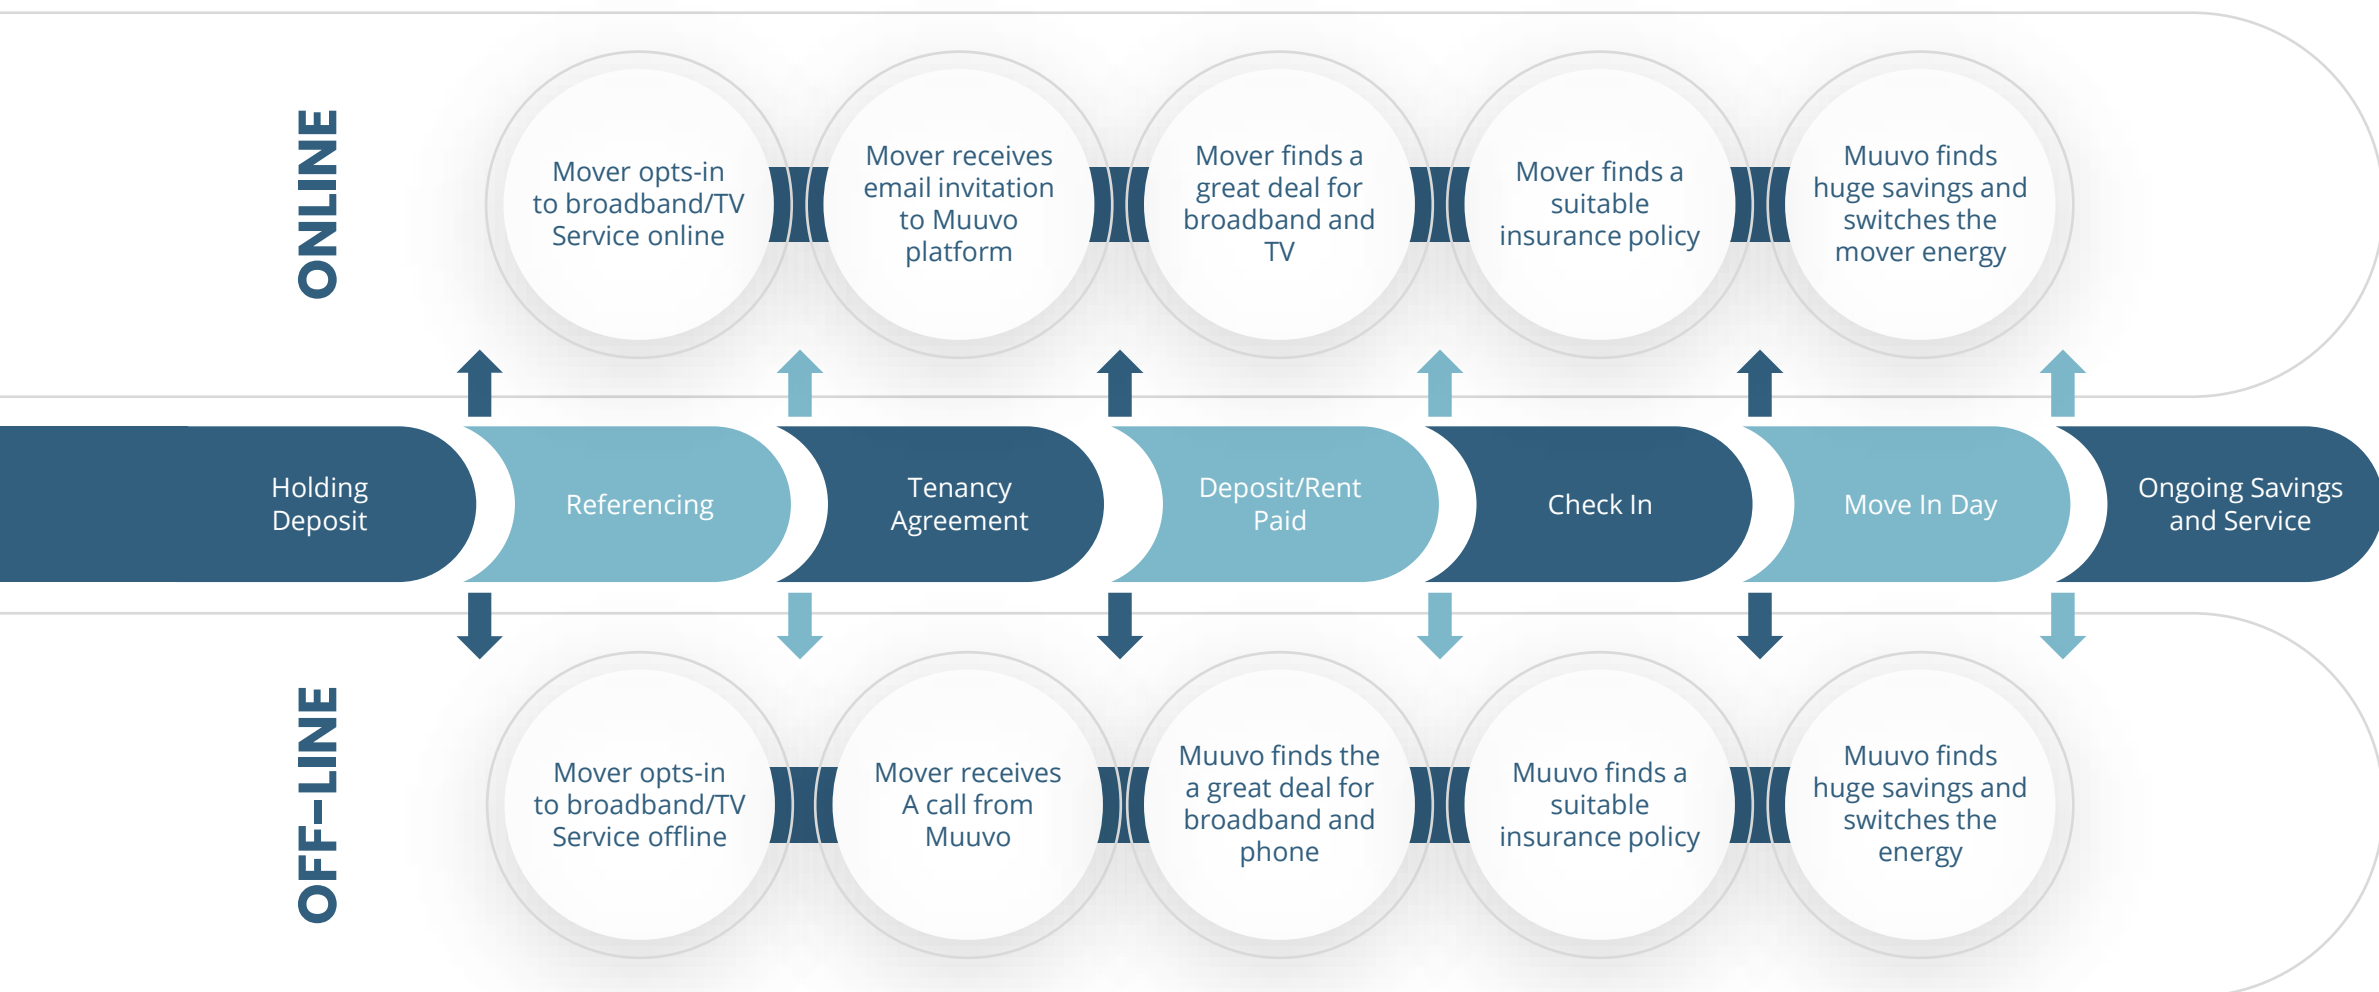

On the odd occasion when the local councils and utility suppliers do get things wrong, your dedicated account manager will always be on hand to help resolve any billing issues.

Your account manager is also on hand to maximise your earning potential, increase your understanding of our choice of market services and to assist in using the system to its full potential.

BROADBAND & TV

— We pre-populate applications and email results directly to your new home mover

We find broadband and TV deals ensuring your new home movers are connected the day they move in

We also have experts on hand to help pick the best budget friendly, superfast or ultrafast broadband deals from well-known broadband providers.

ENERGY

- 01.** As soon as your movers arrive at their new property, they quite often won't know who their energy supplier is, and more importantly, what price they're paying
- 02.** New movers are automatically set up on a standard tariff, which is the most expensive way to pay.
- 03.** Muuvo makes sure that new movers are presented with an Ofgem accredited price comparison the day they move in, and the best bit is, it's only 3 clicks to complete your switch. We'll use the original data and prepopulate the whole process from start to finish.
- 04.** New movers can save hundreds, from their phone and in under 60 second
- 05.** If your movers would rather speak to one of our trained advisors, we will arrange a time that's convenient to make the call.

WHAT IS VOID SERVICE

01

Intention to move out details entered to Muuvo

02

Supply switches to our preferred supplier the day the property becomes empty

03

No standing charges for landlords and £15 bill credit.

04

New mover details entered to Muuvo

05

New movers will then decide if they would like to explore a better suited tariff from the current supplier or choose from a list of suppliers from our price comparison panel

06

Increased revenue opportunity achieved by offering both services to new movers and landlords.

Lauren
Super Pleased

I used Muuvo when I brought my first property and in my current rental. It was very easy and the guys on the phone were lovely! I brought Sky and saved lots of pennies on my energy (twice) I would recommend this service to friends. Thank You 😊

Hannah
Highly Recommended

I was recommended to use Muuvo by a couple of friends when I moved into my new house, very helpful, sorted my energy out for me and found best deal! Even got a good deal on sky which I wouldn't usually get but was too good to turn down! Would recommend to anyone looking to save money.

Trustpilot

F Richmond
Very Good

I used Muuvo recently and the service was first class, there was no need for me to spend unnecessary time searching for a good deal. All I had to do was confirm my details and they did the rest. Better still, I'm paying less on outgoings than I did with my previous supplier. I will would recommend Muuvo to my friends and family.

WHAT MAKES MUUVO DIFFERENT

PROPERTY AGENTS

Free Software

Organic Movers Welcome

AUTO-SWITCHING

Not only will we quickly set up new mover's energy accounts, but we'll also let them know when their energy tariff is due to end and if there is a cheaper deal available.

Muuvo will continue to pay commission to property agents for the life of the tenancy or for the life of the free membership from a home purchase, every time they switch and save.
