

Skip the Deposit

The smarter deposit solution for letting agents, landlords and tenants

Skip replaces the traditional upfront cash deposit with an insurance-policy that helps tenants move faster, keeps landlords protected and gives agents a new recurring revenue stream.

Why agents choose Skip

Fast and simple

Register a tenant in around 30 seconds. A policy can be purchased in under 60 seconds.

Recurring commission

Founding agencies receive 12.5% commission on every policy sold — and again at renewal.

Claims handled in-house

Our team manages claims directly, with decisions and payouts targeted in as little as 72 hours.

Protection that can grow

Cover can be increased at renewal, helping landlords avoid being left behind as rents and risks change.

How it works

1

Agent registers the tenant

2

Tenant buys the policy

3

Landlord stays protected

Simple for your team. Straightforward for tenants. Backed by a process designed for speed.

Training and support

Full onboarding

We show your team exactly how Skip works from day one.

60-second video library

Short training clips make it easy for staff to learn the portal quickly.

Tailored scripts

We work with you to help position Skip clearly and confidently.

Ongoing account management

If you need help, our team is available by phone and email.
