Services

All prices per month excluding VAT

Mobile Security £7 per device

Your team works on the move but so do cybercriminals.

We secure your mobile devices, apps and data, giving you full control if a phone is lost or stolen.

- ✓ Stops malicious apps and unsafe links
- ✓ Ideal for remote and hybrid teams
- ✓ Business data stays protected

Email Security (for Microsoft 365 & Google Workspace) £11 per licensed mailbox

Most cyberattacks start with a fake email. We make sure they stop there. Our solution protects your inbox, your reputation and your clients.

- ✓ Cloud based email security
- ✓ Protects your Microsoft 365 / Google Workspace environment (OneDrive, SharePoint, Teams, Google Drive and more)
- ✓ Blocks spoofing and phishing
- ✓ Keeps your business compliant

Email Deliverability & Anti-Spoofing £58 - 12 month contract up to 30 users and 4 domains

If hackers can fake your email, they can trick your customers and ruin your reputation.

We make sure your emails are trusted and always reach the inbox.

- ✓ Ensures your emails land in inbox, not spam
- ✓ We fully manage SPF, DKIM & DMARC, no technical effort needed
- ✓ Full reporting & visibility into who's trying to impersonate you
(One off set up fee applies)

Computer Security £18 per device

One wrong click can take down an entire company. We provide AI-powered protection that blocks ransomware, malware and phishing in real-time before damage is done.

- ✓ Real-time threat protection
- ✓ Automatically isolates and restores infected devices
- ✓ 24/7 monitoring by our UK team

(Assisted set up available for a fee)

Password Security £8 per user

Stop letting weak passwords put your business at risk. We help you create, store and protect passwords securely so you can stay focused on what matters most.

- ✓ Strong, unique passwords
- ✓ Dark web breach alerts
- ✓ One-click access for your whole team

(One off set up fee applies)

Backup & Recovery £7 per licensed mailbox

Accidents happen. Hackers strike. Files get lost. We back up your business-critical data daily so you can recover fast and never miss a beat.

- ✓ Daily automated backups
- ✓ GDPR compliant cloud storage
- ✓ Quick and easy recovery
